SUBJECTS

- Accuracy**
 Making image guidance work: understanding control of accuracy, 689
- Acoustic analysis**
 Acoustic analysis of autologous fat injection versus thyroplasty in same patient, 987
 Cepstral peak prominence: more reliable measure of dysphonia, 324
- Acoustic neuroma**
 Acoustic neuroma in patients with completely resolved sudden hearing loss, 395
 Histopathology of inner ear in unoperated acoustic neuroma, 979
- Acoustic rhinometry**
 Laser surgery of inferior turbinate for allergic rhinitis with seasonal exacerbation: acoustic rhinometry study, 455
- Acyclovir**
 Treatment of idiopathic sudden sensorineural hearing loss with antiviral therapy: prospective, randomized, double-blind clinical trial, 993
- Adenoid**
 Pediatric endoscopic transnasal adenoid ablation, 511
 Post-tonsillectomy and -adenoidectomy hemorrhage in nonselected patients, 63
 Value-based approach to power-assisted adenoidectomy, 606
- Adenoma**
 Basal cell adenoma of sublingual gland, 1066
- Aeration**
 Aeration following intact canal wall mastoidectomy, 801
- Aerosol vaccination**
 Feasibility of aerosol vaccination in humans, 264
- Age**
 Cross-sectional analysis of hearing threshold in relation to

- age in large family with cochleovestibular impairment thoroughly genotyped for DFNA9/COCH, 280
- Difference in attachment of tensor veli palatini muscle to eustachian tube cartilage with age, 439

Obituary

Steven D. Gray, MD, 1953-2002, 393

OK-432

Treatment of ranula with intracystic injection of streptococcal preparation OK-432, 214

Olfaction

Olfactory changes at threshold and suprathreshold levels following septoplasty with partial inferior turbinectomy, 91
Prevalence and causes of severe taste loss in chemosensory clinic population, 971

Optoelectronic tracking system

Neck dissection shoulder syndrome: quantification and three-dimensional evaluation with optoelectronic tracking system, 939

Orbit

Minimally invasive orbital decompression for Graves' ophthalmopathy, 57

Ossicle

Fixation of anterior malleal ligament: diagnosis and consequences for hearing results in stapes surgery, 348

Osteoma

Osteoid osteoma of frontal bone, 567

Osteoporosis

Benign paroxysmal positional vertigo in older women may be related to osteoporosis and osteopenia, 885

Otitis media

Barotrauma vis-à-vis "chronic otitis media syndrome": two conditions with middle ear gas deficiency. Is secretory otitis media contraindication to air travel? 230
Characteristics of type B tympanogram can predict magnitude of air-bone gap in otitis media with effusion, 450
Effect of tensor veli palatini muscle paralysis on eustachian tube mechanics, 704
First forty-eight hours of developing otitis media: experimental study, 558
Is secretory otitis media single disease entity? 342
Multiplex nested reverse transcription-polymerase chain reaction for respiratory viruses in acute otitis media, 252
Postnatal changes in connective tissue in region lateral to eustachian tube: possible relationship to tube function, 716
Tuberculous otitis media: clinical aspects of 12 cases, 935
Validation assessment of Chinese-version Chronic Ear Survey: comparison between data from English and Chinese versions, 85

Otolith organ

Three-dimensional analysis of morphological aspects of human utricular macula, 419

Otomastoiditis

Computed tomographic versus surgical findings in complicated acute otomastoiditis, 675

Otomycosis

Prevalence of otomycosis in outpatient department of otolaryngology in Tribhuvan University Teaching Hospital, Kathmandu, Nepal, 384

Otosclerosis

Otosclerosis and chronic tinnitus, 398

Ototoxicity

Effects of nimodipine on quinine ototoxicity, 163

Papilloma

Development of canine model for recurrent respiratory papillomatosis, 1011

Molecular transformation of recurrent respiratory papillomatosis: viral typing and p53 overexpression, 298
Treatment of recurrent respiratory papillomatosis in children with microdebrider, 7

Paraganglioma

Multiple familial facial glomus: case report and review of literature, 287

Paralysis

Congenital bilateral adductor vocal cord paralysis, 764
Cymetra injection for unilateral vocal fold paralysis, 927
Hypopharyngeal pharyngoplasty in management of pharyngeal paralysis: new procedure, 844
Management of bilateral arytenoid cartilage fixation versus recurrent laryngeal nerve paralysis, 103
Surgery for pediatric vocal cord paralysis: retrospective review, 1

Parathyroid gland

Contact endoscopy for intraoperative parathyroid identification, 242

Parkinson's disease

Involuntary expiratory phonation as dose-related consequence of L-dopa therapy in patient with Parkinson's disease, 1040

Parotid duct

Cheek mucocele occurring long after parotid duct transplantation for xerophthalmia, 912

Parotid gland

Malignant peripheral nerve sheath tumor of parotid gland, 637
Pediatric intraparotid Castleman's disease, 813

Paroxysmal positional vertigo

Pathology of benign paroxysmal positional vertigo revisited, 574

Passive marker

Passive marker computer-aided sinonasal and cranial base surgery: observations from learning curve, 45

Pathogenesis

Pathogenesis and methods of treatment of Zenker's diverticulum, 583

Pathology

The Pathology Masters Series: Head and Neck Pathology, 392

Pemphigoid

Cicatricial pemphigoid in upper aerodigestive tract: diagnosis and management in severe laryngeal stenosis, 271

Perigeniculate ganglion

Microsurgical anatomy of perigeniculate ganglion area as seen from middle cranial fossa approach, 531

Perilymphatic fistula

Traumatic perilymphatic fistula, 221

Peripheral vestibular disorder

Room tilt illusion as manifestation of peripheral vestibular disorders, 600

PFAPA syndrome

Update on treatment of Marshall's syndrome (PFAPA syndrome): report of five cases with review of literature, 365

pH

Monitoring of laryngopharyngeal reflux: influence of meals and beverages, 109
Symptoms, quality of life, videolaryngoscopy, and twenty-four-hour triple-probe pH monitoring in patients with typical and extraesophageal reflux, 859

Pharynx

Hypopharyngeal pharyngoplasty in management of pharyngeal paralysis: new procedure, 844

Plate

Efficacy of resorbable plates for reduction and stabilization of laryngeal fractures, 745

Polyp

Prevalence of nasal polyps in adults: Skövde population-based study, 625

Posture

Reduction of postural sway by use of vibrotactile balance prosthesis prototype in subjects with vestibular deficits, 404

Power-assisted adenoidectomy

Value-based approach to power-assisted adenoidectomy, 606

Pranlukast

Leukotriene receptor antagonist pranlukast suppresses eosinophil infiltration and cytokine production in human nasal mucosa of perennial allergic rhinitis, 955

Prednisone

Outcome of treatment with valacyclovir and prednisone in patients with Bell's palsy, 197

Pressure

Rupture pressures of porcine tympanic membrane, 554
Tympanometry accurately measures middle ear underpressures in monkeys, 877

Prognosis

Radiotherapy of early-stage glottic cancer: analysis of factors affecting prognosis, 904

Proliferating cell nuclear antigen

Cell kinetics and apoptosis in laryngeal carcinoma patients, 206

Prosthesis

Postlaryngectomy voice restoration using voice prosthesis: single institution's ten-year experience, 1007

Pseudoaneurysm

Pseudoaneurysm of superior thyroid artery following radiotherapy for hypopharyngeal cancer, 188

Publication

How to smother an idea [*Annals Classic*, 1964], 1001

Pulsed dye laser

585-nm Pulsed dye laser treatment of glottal dysplasia, 751

Quinine

Effects of nimodipine on quinine ototoxicity, 163

Radiation

Immunosuppressive effect of irradiation in murine laryngeal transplantation model: controlled trial, 712

Radiofrequency

Long-term results of radiofrequency volumetric tissue reduction of palate for snoring, 276

Radiotherapy

Pseudoaneurysm of superior thyroid artery following radiotherapy for hypopharyngeal cancer, 188

Radiotherapy of early-stage glottic cancer: analysis of factors affecting prognosis, 904

Range

Effects of age, sex, and disorder on voice range profile characteristics of 230 children, 540

Ranula

Treatment of ranula with intracystic injection of streptococcal preparation OK-432, 214

Recognition

Optimizing cochlear implant speech performance, suppl 191:4

Reconstruction

Functional treatment of large laryngeal chondrosarcoma by tracheal autotransplantation, 678

Lateral upper arm free flap for primary reconstruction of pharyngeal defects in ablative oncological surgery. Report of six consecutive cases, 611

Successful treatment of idiopathic laryngotracheal stenosis by resection and primary anastomosis, 798

Tubes of vascularized cartilage used for replacement of rabbit cervical trachea, 807

Recurrence

Detection of recurrent nasopharyngeal carcinomas with technetium-99m methoxyisobutylisonitrile single photon emission computed tomography in patients with indeterminate magnetic resonance imaging findings after radiotherapy, 415

Stomal recurrence following total laryngectomy: clinical and molecular analysis of series, 594

Recurrent laryngeal nerve

Surgical anatomy of recurrent laryngeal nerve: implications for laryngeal reinnervation, 434

Reflex

Central facilitation of glottic closure reflex in humans, 293
Intraoperative electrically elicited stapedius reflex threshold is related to dosage of hypnotic drugs in general anesthesia, 1050

Thyroarytenoid muscle responses to air pressure stimulation of laryngeal mucosa in humans, 834

Reflux

Cell biology of laryngeal epithelial defenses in health and disease: further studies, 481

Monitoring of laryngopharyngeal reflux: influence of meals and beverages, 109

Symptoms, quality of life, videolaryngoscopy, and twenty-four-hour triple-probe pH monitoring in patients with typical and extraesophageal reflux, 859

Regeneration

Efferent system degeneration in human temporal bone, 947

Recurrent laryngeal nerve regeneration by tissue engineering, 492

Regeneration of vocal fold using autologous mesenchymal stem cells, 915

Reinnervation

Electromyographic findings in recurrent laryngeal nerve reinnervation, 314

Rejection

Cyclosporine dose, serum trough levels, and allograft preservation in rat model of laryngeal transplantation, 506

Remifentanyl

Inhalational anesthetic technique in microlaryngeal surgery: comparison between sevoflurane-remifentanyl and sevoflurane-alfentanil anesthesia, 373

Research

How to smother an idea [*Annals Classic*, 1964], 1001

Resection

Tracheal resection with primary anastomosis in cadavers: effects of releasing maneuvers and length of tracheal resection on tension, 869

Retinitis pigmentosa

Usher syndrome type III can mimic other types of Usher syndrome, 525
